# Application Form

## Face to Face Fine Art Commemorative Expressions, Inc.

Face to Face Fine Art Commemorative Expressions Inc. is a nonprofit organization that wishes to help ease suffering and aid in the grieving process by providing a lasting commemorative portrait that will honor and memorialize the deceased.

The portraits created by a talented trained artist are intended to assist in the grieving of individuals who have suffered a significant loss due to sudden, unexpected or tragic death.

Founded by a 52 year old mother of five who was widowed and also lost her mother and her sister all in a 60 day period, our goal is to raise funds through tax deductible donations and foundation grants to help in the healing process for the grieving.
